

## **Cat6 Snagless Unshielded (UTP) Slim Ethernet Network Patch Cable**

\$2.20 - \$12.45

UconX' Cat6 slim patch cables are the perfect solution for high density data center applications. The smaller outer diameter helps alleviate congestion as well as improving airflow with in the racks. In addition, the snagless boots prevent unwanted cable snags during installation and provides an extra strain relief. They are designed for fast Ethernet

and Gigabit computer networks supporting speeds up to 10 Gbps over 37-55 meters of cable and 100 meters for slower (the 10/100/1000BASE-T standards) networks.

## Product Details:

<b>Cable Type</b>	Cat6 Slim Snagless	<b>Shielding Type</b>	Unshielded (UTP)
<b>Cable Jacket</b>	PVC CM (Round)	<b>Available Lengths</b>	1ft, 2ft, 3ft, 5ft, 6ft, 7ft, 10ft, 15ft, 30ft, 50ft (Including Plugs)
<b>Conductor Material</b>	Oxygen-free Copper	<b>Conductor Type</b>	Stranded
<b>Data Rate Support</b>	1000Base-T and Maximum to 10GBase-T	<b>Standard Bandwidth</b>	250MHz
<b>Gauge (AWG)</b>	28 (7/0.12mm)	<b>Cable Outer Diameter (mm)</b>	3.8 ± 0.2
<b>Max Transmission Distance</b>	100m	<b>Twisted Pairs</b>	4 Pairs
<b>Wire Scheme</b>	T568B, Straight	<b>Standard</b>	ISO/IEC 11801, ANSI/TIA-568.2-D
<b>Operating Temperature</b>	-20 to +75°C (-4 to 167°F)	<b>Installation Temperature</b>	-10 to +50°C (14 to 122°F)

\*All patch cables are tested 100% for continuity

SKU: N/A. Category: Ethernet Patch Cables.

---

**Weight**      *1 lbs*

---

**Dimensions**      *6 × 6 × .5 in*

---

**Length**      *1 ft., 2 ft., 3 ft., 4 ft., 5 ft., 6 ft., 7 ft., 8 ft., 10 ft., 12 ft., 15 ft., 20 ft., 30 ft., 50 ft.*

---

**Color**      *Black, Blue, Green, Grey, Red, White, Yellow (Std.)*
